SUMMARY

Full Stack Web Developer delivering production systems across Lebanon, Saudi Arabia, and UAE. Proficient in Laravel, React, REST APIs, and MySQL. Experienced team lead managing developers and shipping business-critical applications.

PROFESSIONAL EXPERIENCE

Full-Stack Developer / Co-Founder - IMAA | Lebanon | Jun 2023 – Jan 2026

- Developed and deployed custom **POS** and **Invoice Management** systems for clients across Lebanon, including a live system for a UAE SNS company.
- Built and maintained company websites, including swisslifelb.com, using **Laravel**, **PHP**, and **MySQL**.
- Designed relational databases, implemented authentication, and role-based access control.
- Managed hosting, deployments, and client technical support.

Full Stack Developer / Team Lead - AFKAR ALBARMAJAH FOR IT - Saudi Arabia (Remote) Jan 2025 – Mar 2026

- Led developers building **full-stack systems**, including atcc-ksa.com for AFKAR AL-TATWEER.
- Designed, developed, and maintained scalable applications with **Laravel**, **React**, and **MySQL**.
- Managed project planning, code reviews, task distribution, and production deployments.
- Administered enterprise systems including **SQL databases**, internal platforms, and Active Directory.

Software Technician - CLICKONCE - Lebanon | Oct 2024 – Jan 2026

- Performed software troubleshooting, maintenance, and client IT support.

PROJECTS

ERP & Accounting System – IMAA

- Designed and implemented full accounting workflows for sales, purchases, and financial reporting.
- Built role-based access control and modular architecture using **Laravel** and **MySQL**.

POS System for Retail Clients – IMAA | [GitHub](#)

- Developed a live **POS** system handling sales, products, transactions, and reporting.
- Implemented REST APIs and optimized database performance for live operations.

NexusMG – AI-Powered Developer Readiness Platform | [GitHub](#)

- Built AI system (React, FastAPI, LLMs) evaluating developers via CV, GitHub, LinkedIn, interviews.
- Designed readiness score engine combining skill signals into a unified hiring metric.
- Built role-based dashboards with analytics and AI-generated feedback reports.

TECHNICAL SKILLS
